## PRESIDENT'S MESSAGE by Tracey L. Barnes, RP, Pa.C.P.

*Can you believe there are only 2 months left in 2015! Wow does time fly by. I want to first congratulate and welcome MCPA's two newest Board Members for 2016 – Nancy E. Piechota, Pa.C.P. and Shari Weber Bradley, Pa.C.P. Both Shari and Nancy have been long-time MCPA members and have been active in the Association. The Board welcomes Nancy and Shari and looks forward to their fresh ideas.*

*Next, just a reminder that the end of November is membership renewal time. Keep an eye out in your email boxes for the Renewal forms. The MCPA Board has voted that membership fees in 2016 will remain the same as 2015. What other organization do you know that keeps its fees low year after year and offers the membership benefits that MCPA does? If you know a paralegal who is not a member, please tell them about MCPA and encourage them to be a part of the best paralegal association in the area.*

*As I mentioned at November's CLE, many of the benefits available to our members would not be possible if not for the work of MCPA committee members. Without their talents, speakers would not be found, meeting locations would not be scheduled, and sponsors would not be contacted. Our Association would not be able to offer the many CLE opportunities available let alone the benefits of being members of a state-wide organization like the Keystone Alliance and national organizations like the National Federation of Paralegal Associations. However, for these committees to continue to make these benefits happen, they need volunteers from MCPA membership to help. Volunteering just an hour of your time for one month to a committee can make a large difference. When I say an hour of your time, I don't mean at a meeting. I mean, for example, making a couple of phone calls to line up a speaker or reserve a conference room for an upcoming meeting or collecting food after a meeting to deliver to Manna on Main Street just to give a couple of examples. Volunteering for a committee does not take a large amount of time but can make a large difference to the MCPA. Please consider joining a committee today. Contact any Board member or committee chair (contact information is listed at the end of the newsletter). Two committees that have a real need for assistance are marketing and planning but all committees need our help.*

*You make a living by  
what you get, but you  
make a life by what you  
give.*

*~ Winston Churchill*

*The final MCPA event for 2015 is the annual Holiday Social which will be held on December 10th at P. J. Whelihans. The Amazing Harry will be available again that evening to provide tarot card readings. Mark your calendar for this relaxing night and find out what 2016 has in store for you. What a perfect way to unwind before the hectic holiday season.*

*Finally, our January Kickoff meeting is in the works. You should have received a survey from the listserve with three easy questions regarding the Kickoff meeting. Please take the time to answer the survey so we can make the event the best it can be. This event promises to be unbelievable. Besides swearing in our 2016 Board of Directors and Officers, we will also be joined by many charitable associations from Montgomery County. Each representative will be available to share more about the organization and to also offer ways that paralegals can participate with the organizations. According to a survey by Duke University as published in Prevention Magazine, "Volunteering just one day a month will give your life a greater sense of purpose and will make you feel more connected to your community." What better reason than that is there to consider volunteering at one of the many charitable organizations in Montgomery County? Come out in January and learn more.*

*Best wishes for a peaceful Thanksgiving Holiday and I look forward to seeing everyone at PJ Whelihans in December and at the January Kickoff meeting.*

## JUDGE HAROLD BOREK PRESIDES OVER MOCK TRIAL

*Written by Kimberly Joniec*

“All rise! Oyez, oyez, oyez, all persons having business with the Court of Montgomery County come forth and be heard. The Honorable Harold D. Borek presiding.” The 2015 mock trial, organized by George Whitehair, Program Administrator at the Lansdale School of Business, and presided by Judge Borek for the past 10 years had begun. Paralegal students from Lansdale School of Business are given the opportunity to try a case inside a real courtroom, with a real Judge deciding the case.

There is a Plaintiff and a Defendant, witnesses, testimony is given, and this year, there was also a jury (comprised of students who had previously participated in the mock trial exercise).

Each year the students are assigned to be counsel for either the Plaintiff or the defense. They are all given the same fact pattern (usually a civil matter) and it is up to them to come up with a solid plan for winning their case. The instructor of the course, George Whitehair, gives guidance and support, but ultimately leaves the students to their own devices. The exercise allows students

to work in teams, utilize their research skills, and get a glimpse into how a real court of law operates.

The case this year was a negligence case. The Plaintiff was a minor child named Leslie Parker (and her parents) who was injured on school grounds while demonstrating her science project- a simulated volcano. The Defendants were the science teacher who assigned the project and the school board. The Plaintiff and her father created a model of a volcano that used firecracker powder to simulate an eruption which re-

quired an incendiary device to activate. The official demonstration of the volcano happened during the school's "Science Day", and the volcano was ignited by the teacher using a fuse. The day following "Science Day" the students were instructed to pick up their projects and bring them home. Leslie picked up her project from her classroom and brought it out to the bus. She then proceeded to demonstrate her project to her peers while waiting for their school bus. She activated the volcano three times, and on the third try, the firecracker powder exploded before Leslie was able to move her hand out of the way. She sustained injuries to her right hand, which required multiple surgeries resulting in only 80% usage of her hand.

# 2016 KICK-OFF

A night is planned with an emphasis on ***Access to Justice***. Access to Justice is defined by the American Bar Association as providing access to civil justice at all levels for low-income and disadvantaged by assessing their civil legal needs.

Presenters for the evening will include representatives from ***Legal Aid, Montgomery Child Advocacy Project, Mission Kids, Laurel House, Wills for Heroes*** and the ***Women's Center of Montgomery County***. Each of these associations are in need of attorneys and paralegals who will help by offering pro bono, volunteer hours to expand and assist with their services as well as increase their operating support for free legal assistance in Montgomery County.

In addition, we have scheduled a District Judge to perform the ceremony inducting the 2016 Board of Directors for MCPA.

Please help us plan for this exciting evening by completing a short (***3 question***) survey!

## JUDGE HAROLD BOREK PRESIDES OVER MOCK TRIAL CONTINUED

Plaintiffs argued that the teacher was negligent by not supervising students picking up their projects, and by allegedly leaving matches out, which Leslie used during her impromptu demonstrations. In her testimony, Leslie admits to running across the street to a local drugstore to purchase chewing gum. The Defendant's counsel raised the argument that Leslie must have picked up matches while she was there, and that there was no negligence on the part of the teacher or the school board.

From the juror's perspective, both sides argued well, and came up with plausible alternate theories of what ultimately caused Leslie's injuries. Objections were flying around the room, and the defense was even granted an opportunity to voir dire a witness to determine if they could be considered an expert witness. After both sides gave their closing arguments, Judge Borek gave instructions to the jury on the requirements for negligence (specifically comparative negligence), and sent them into deliberation. The final outcome of the case was that both sides were negligent, and the jury determined that the Defendants were 60% negligent and the Plaintiff contributed 40% to her own injuries.

For the students, the exercise is exciting and nerve wracking, and they all get a chance to challenge themselves and their classmates to utilize their knowledge and skills. The friendly competition helps to ignite their passion for the law and allows them to demonstrate creativity and ingenuity within the confines of the applicable laws. After the case is complete, Judge Harold Borek hands each student a certificate of participation and poses for a picture with each student individually. Judge Borek has graciously given up his free time for the past ten years in order to support the advancement of legal education, and he does it with authority and the kind of patience that must come from twenty years of serving the Lansdale community and the pursuit of justice for any who might find themselves in his courtroom.
